1. The Main Administration for Bread Grains (Glavno Upravlenie "Zurneni Khрани"), headed by Director Bozhil Argirov, is one of the administrations in the Ministry of Deliveries (Ministerstvo na Dostavkite), headed by Minister Rusi Khristozov. All okrug centers and some large okoliya centers have branches of this administration, while all towns and many villages have purchasing points (izkupvatelni punktove) of this administration.
  - a. The Main Administration manages and controls the activity of all okrug branches (klonove), okoliya branches (filiali), and purchasing points. It determines the quantity of grain to be sold by the branches and supervises the supply of grain to mills and flour to bakeries.
  - b. Okrug branches manage and control the work of okoliya branches and purchasing points. They determine the amount of grain to be sold by okoliya branches.
  - c. Okoliya branches manage the work of purchasing points and determine the amount of grain to be sold by them.
  - d. Purchasing points purchase the compulsory grain deliveries from farmers and store them. They send the grain to mills or earmark it for export.
2. In the beginning of May 1951, tar-like matter was found in Khadzhi Rimitur (N 43-28, E 28-26), Balchik Okoliya, which indicated that petroleum deposits must be located here. Later drilling was done 30 meters from the Black Sea shore near Tyulenovo (N 43-30, E 28-35), Balchik Okoliya. In May 1954, petroleum was discovered here at a depth of 300 meters.
